SECURITY

10-Port Body Camera Docking Station

A 10-port docking station that charges body-worn cameras and offloads their footage over USB 3.0.

Product code **267849292** | Ports **10**

10	USB 3.0	<4 h	4.3 kg
cameras	transfer	full charge	metal case

Overview

The docking station charges up to ten body-worn cameras at once and offloads their footage to a PC over USB 3.0.

It is housed in a heavy-duty metal case over 4.3 kg, with rubber pads underneath, and needs just a single power cable and a single USB cable. A single-PC evidence management software licence is included.

Key features

- **10 ports** charge and offload
- **USB 3.0** fast data transfer
- **Fast charging** full in under 4 hours
- **Metal case** heavy duty
- **Software licence** single PC, included

Where it is used

Retail stores, security teams, councils, healthcare, transport and enforcement teams using body-worn cameras.

Why dock cameras?

Docking keeps every camera charged and ready, and moves footage off the cameras securely at the end of each shift.
