BARRIERS

60mm Stainless Hooped Barrier – Bolt Down

A 60 mm stainless steel hoop barrier that bolts down onto existing surfaces, in heights from 500 mm to 1000 mm.

Product code **239749941** | Fixing **Bolt down**

60 mm	500–1000 mm	750–2000 mm	Stainless
tube	high	long	steel

Overview

Hooped barriers guide people and vehicles, protect walls and planting, and mark the edge of walkways and car parks.

This barrier is made from 60 mm stainless steel tube with a 2 mm wall, and bolts down onto concrete through round base flanges. It is offered in a range of heights and lengths to suit the space.

Key features

- **60 mm stainless tube** 2 mm wall
- **Bolt down** onto existing surfaces
- **Three heights** 500, 750 and 1000 mm
- **Lengths to 2 m** 750 to 2000 mm
- **Clean finish** no coating to chip

Where it is used

Car parks, retail parks, footpaths, building entrances, landscaped areas and forecourts.

Choosing a height

500 mm suits kerb and planting edges, 750 mm suits car parks, and 1000 mm is best for guiding pedestrians.
