BOTTLE SECURITY

BottleLok – 10 Unit Pack

Ten rubber-clamp bottle security devices with built-in alarms, coded to release only on your store's base.

Product code **BOTTLELOK10** | Pack **10 units**

10 units

Coded release

Alarm built in

Rubber clamp

Overview

The 10-unit pack gives the same BottleLok protection across a wider range of bottles.

Each unit has a robust rubber clamp that locks firmly and releases only on your coded base, with an integrated anti-tamper alarm.

Key features

- **10 units** per pack
- **Coded release** only your base unlocks them
- **Anti-tamper alarm** built in
- **Rubber clamp** grips the bottle firmly
- **Programmed** to match your base

Where it is used

Wine merchants, off-licences, convenience stores, supermarkets and premium food shops.

How the system works

Each BottleLok clamps onto a bottle and can only be released by your store's coded base. Units are programmed to your store before dispatch.

Clamp open to fit a bottle.

Talk to someone who sells this every day

Tell us what stock you want to protect and how many bottles, and we will help you put together the right BottleLok system.
