30 mm
high

HGV
drive-over

Overview

A low-cost way to protect cables and hoses from drive-over damage over long distances. Roll it out, cut it to length and press the cable or hose into the recess.

It is made from flexible high strength rubber, strong enough to take the weight of HGVs and lift trucks. The low 30 mm profile makes for safe, comfortable drive-over.

Key features

- **Roll out and cut** to any length
- **High strength rubber** flexible and durable
- **Low 30 mm profile** easy to drive over
- **Takes HGVs** and lift trucks
- **Cables up to 20 mm** or hoses
