Overview

A traditional round litter bin with a stubber plate built in, so smokers can put out a cigarette before it goes in.

It looks like a cast bin but is moulded from UV stabilised polyethylene, so it needs no painting and will not corrode. A ballast cartridge in the base lets it stand firm without fixings.

Key features

- **Stubber plate** built in
- **Cast look** no painting
- **Ballast base** stands without fixing
- **Lock option** keeps liner secure
- **Ashtray option** for smoking areas

Where it is used

Pub and hotel frontages, office entrances, parks, high streets and visitor attractions.

For smoking points

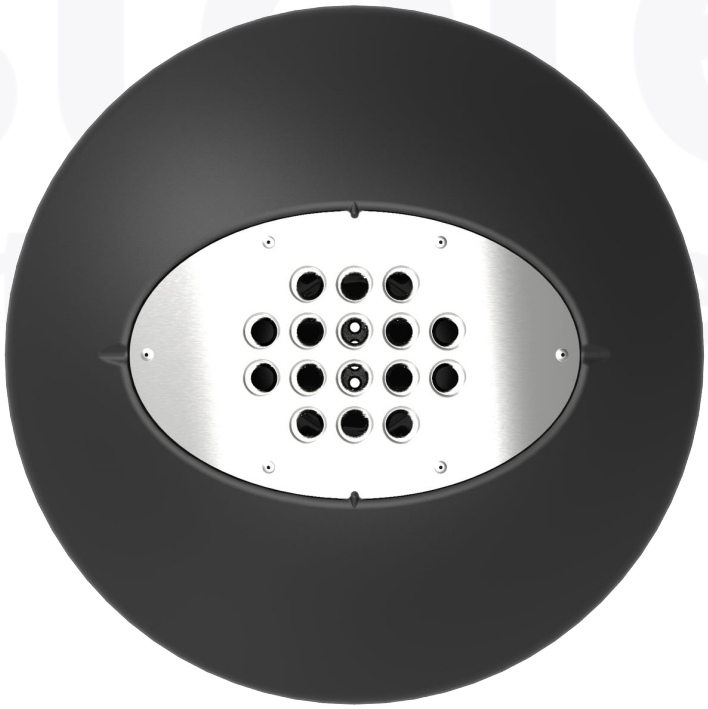

The built-in stubber plate means cigarettes are put out before they reach the bin.
