IMPACT PROTECTION

Corner Protection Guards

Seamless steel tube corner guards, 350 to 1200 mm high, that protect the corners of buildings, racking and machinery.

Product code **27279695**

Heights **350 / 600 / 1200 mm**

350–1200	76 mm	2	2
mm high	steel tube	colourways	finishes

Overview

These corner guards protect property and machinery where vehicles turn. Made from seamless steel tube bent in one piece, they guard both faces of a corner.

They match our steel protection guards, so you can protect walls and corners with one consistent range.

Key features

- **One-piece tube** for maximum strength
- **Three heights** 350, 600 and 1200 mm
- **Two colourways** yellow/black or red/white
- **Indoor or outdoor** finish options
- **Matches** our protection guard range

Where it is used

Warehouses, factories, loading bays, distribution centres, car parks and retail back-of-house areas.

Which finish?

Choose powder coated only for indoor use, or galvanised and powder coated for outdoor or wet areas.
