mild steel

Any RAL
coating on request

Overview

An ornamental steel bollard for town centres, pedestrian areas, pavements, car parks and public spaces. Its decorative detailing gives a traditional, considered look while still keeping vehicles back.

The bollard is made from mild steel tube, then galvanised for long life, with a decorative cap and rings welded on to complete the design. Choose a galvanised finish, or galvanised and powder coated in black or any RAL colour.

Key features

- **Decorative design** domed cap and twin rings
- **Galvanised mild steel** for long life
- **Three fixings** concrete in, bolt down or removable
- **Black or any RAL** powder coat on request
- **Eyelets, hooks and chains** available for linking bollards
