STEEL BENCHES

Drayton Steel Perch Bench

A 1000 mm slatted steel perch bench at 700 mm high, for short waits at shelters, stops and walkways.

Product code **68131129** | Finish **Galvanised or stainless**

1000 mm	700 mm	450 mm	38 kg
overall length	perch height	width	weight

Overview

A hard wearing outdoor perch bench for wherever a tough, comfortable and good looking seat is needed. Its simple, traditional design suits busy public spaces such as schools, parks and playgrounds.

It is made from galvanised mild steel and supplied galvanised, galvanised and powder coated, or in stainless steel.

Key features

- **Galvanised mild steel** for long life outdoors
- **Lean-on perch** at 700 mm high
- **Small footprint** for busy pavements
- **Stainless steel** option
- **Powder coated colours** in any RAL shade

Where it is used

Schools, parks, playgrounds, town centres, retail and business parks, and other busy public spaces.

Powder coated colours can be matched to a school, brand or local scheme.

Why a perch bench?

Users lean against the rail rather than sitting down, which suits short waits at bus stops, shelters, stations and market places, and takes up little pavement space.
