RETRACTABLE BARRIERS

Economy Belt Barrier

A plastic belt barrier post with a 3 m self-tensioning belt, in black/yellow or red/white, for indoor and outdoor use.

Product code **30882607** | Belt **3 m**

3 m	50 mm	Fillable	Indoor
belt	belt width	base	and outdoor

Overview

A low-cost belt barrier for queue guidance, footpath marking and cordoning off traffic areas at industrial sites, warehouses, car parks, events and public spaces.

The self-tensioning belt pulls smoothly from the cassette and clips to the next post, and a spring mechanism slows it as it retracts. The base can be filled with sand or gravel for extra stability, and the post detaches for transport.

Key features

- **3 m self-tensioning belt** smooth retraction
- **Fillable base** sand or gravel
- **Detachable post** easy to transport
- **Two colours** black/yellow or red/white
- **Indoor or outdoor** use

Where it is used

Queues, warehouses, industrial sites, car parks, events and public spaces.

Extra stability

Fill the base with sand or gravel where the barrier will be used outdoors or in windy spots.
