FLOOR MARKING

Hazard Warning Tapes

Self-adhesive hazard warning tapes in non-reflective, reflective and luminous versions, for marking hazards clearly.

Range **5 products**

3	25–66 m	Self	Indoor
types	rolls	adhesive	and out

Overview

Hazard warning tapes mark steps, edges, machinery, columns, doorways and other dangers so they are seen at a glance.

Non-reflective tape suits well-lit indoor areas. Reflective tape shows up in headlights and torch light, and luminous tape glows in darkness and smoke to mark exits and escape routes.

Key features

- **Non-reflective** for well-lit areas
- **Reflective** left and right handed rolls
- **Luminous** glows in the dark
- **Self-adhesive** for clean, dry surfaces
- **Two colourways** red/white or black/yellow

Where it is used

Warehouses, factories, distribution centres, workshops, retail back-of-house areas, car parks and loading bays.

Which tape?

Black/yellow marks physical hazards. **Red/white** marks danger, prohibition and fire equipment. **Luminous** marks exits and escape routes.
