Overview

The 3" bump rail protects walls, counters, checkouts and fixtures from knocks by trolleys, carts and cleaning equipment.

Its multi-layer construction combines a rigid facing, internal webbing and elastomeric spacers to spread and absorb the force of an impact.

Key features

- **Polycarbonate facing** 29% stronger than PVC
- **Snap-together parts** for a neat, aligned finish
- **Injection-moulded end caps** and corners
- **100% recyclable** chlorine-free material
- **4 colours** to suit your interior

Where it is used

Supermarkets, convenience stores, food halls, retail stores, lift lobbies and serve-over counters.

Building a run

Order top strips and backing strips to cover the length of wall, then add end caps and corners where the run stops or turns.
