RECYCLING BINS

Indoor Recycling Bin – 140 Litre

A large 140 litre recycling bin with colour-coded apertures and WRAP compliant labels, for busy sites.

Product code **41526165** | Capacity **140 litres**

140 L	1220 mm	550 mm	5
capacity	height	width	aperture types

Overview

A large capacity recycling bin for busy sites such as canteens, schools, stations and shopping centres. Group several together, in different colours, to make a recycling point.

The black base is made from up to 100% recycled material, with an empty ballast cartridge for stability. Colour-coded apertures and WRAP compliant labels make it clear what goes where.

Key features

- **Large 140 L capacity** for busy sites
- **Colour-coded apertures** WRAP compliant
- **Sack retention** as standard
- **Ballast cartridge** for stability
- **Recycled base** up to 100% recycled material

Where it is used

Canteens, schools, colleges, stations, shopping centres, offices and other busy sites.

Colour-coded recycling

The colour-coded apertures and labels follow WRAP guidance, so people can see at a glance which bin to use. Group several bins together to make a complete recycling point.
