PEDESTRIAN BARRIERS

Manhole Pedestrian Safety Barrier

A lightweight HDPE barrier in 3 or 4 gate versions for guarding open manholes and small hazards, with reflective panels.

Product code **33800887** | Gates **3 or 4**

3 or 4 gates

HDPE moulded

Reflective panels

Openreach approved

Overview

A pedestrian safety barrier for guarding open manholes, inspection chambers and other small hazards. It is quick and easy to put up, and moulded in strong HDPE with a large reflective area.

It comes in 3 gate or 4 gate versions. Although it is lightweight, it is remarkably stable in use, and it is approved by Openreach.

Key features

- **Quick to deploy** and fold away
- **Strong HDPE** lightweight moulding
- **Reflective panels** red and white
- **3 or 4 gates** to suit the hazard
- **Recyclable** material

Where it is used

Road works, utility works, construction sites, open manholes, forecourts, events and any temporary hazard.

3 or 4 gates?

A **3 gate** barrier guards a hazard against a wall or kerb. A **4 gate** barrier surrounds a hazard on all sides, such as an open manhole.
