WAREHOUSE BARRIERS

Medium Duty Impact Protection Railing

A modular medium duty steel railing system with 70 mm posts and 60 × 40 mm rails, for marking and protecting walkways and machinery.

Product code **40303378** | Posts **70 × 70 mm**

70 mm	60 × 40	1–2 m	TÜV
square posts	rails, mm	rail lengths	tested

Overview

A medium duty railing system that marks out and protects machinery and pedestrian walkways from vehicle traffic, indoors and outdoors, where heavy duty protection is not needed.

It is modular, so it can be extended at any time, and damaged parts are easy to replace. Countersunk bolts fix the rails to the posts. It is TÜV tested to DGUV 108-007.

Key features

- **Medium duty steel** 70 mm posts
- **Modular** end, mid and corner posts
- **Countersunk bolts** neat rail fixing
- **Indoor or outdoor** finishes
- **TÜV tested** to DGUV 108-007

Where it is used

Manufacturing plants, storage warehouses, distribution centres, vehicle storage areas and car parks.

Heavy or medium duty?

Choose **medium duty** for marking walkways and lighter impacts. Where forklifts are likely to hit the barrier, choose the **heavy duty** system.
