BARRIER RAIL

Modular Chrome Barrier Rail

A modular polished chrome rail system for queue management, checkout guarding and pedestrian guidance in retail and public spaces.

Product code **77740261** | Finish **Polished chrome**

1060 mm	Ø48 mm	1–2 m	4 uprights
standard height	uprights	cross rail lengths	end, mid, corner, tee

Overview

A modular barrier rail system for retail, hospitality and public spaces. Uprights and cross rails connect together to create barrier runs for crowd control, queue management and guiding people around your space.

The polished chrome finish is durable in high-traffic areas, wipes clean and keeps its smart appearance. Because it is modular, runs are simple to put together and reconfigure as your layout changes.

Key features

- **Modular system** of uprights and cross rails
- **Polished chrome** finish on mild steel
- **Four upright types:** end, mid, corner and tee
- **Three rail lengths:** 1 m, 1.5 m and 2 m
- **Aluminium top caps** and connecting cups
- **Easy to reconfigure** as your layout changes

Building a run

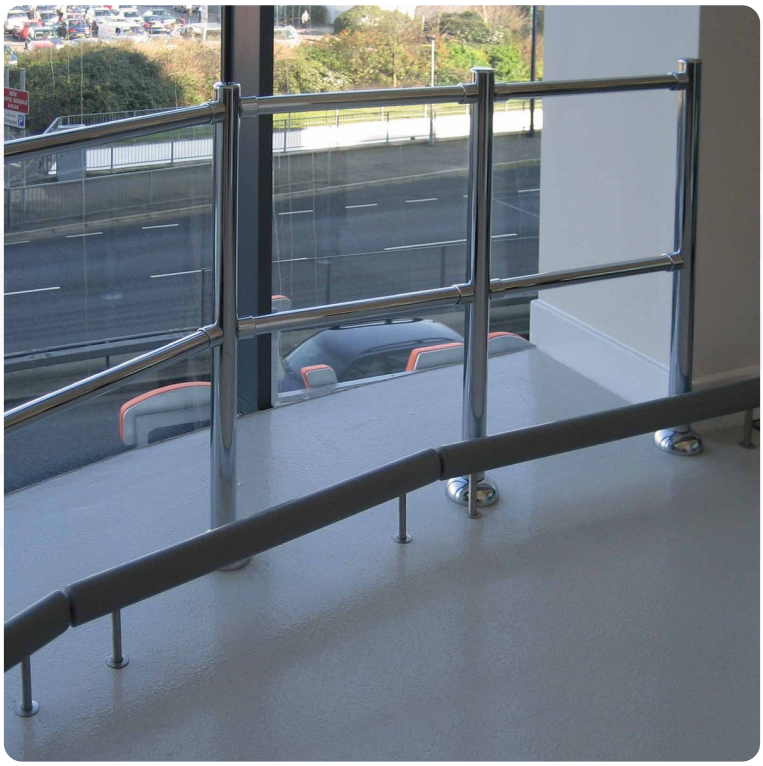

Start and finish each run with an **end upright**, and use **mid uprights** between cross rails on a straight run.

Use a **corner upright** to change direction and a **tee section upright** to branch off. Choose 1 m, 1.5 m or 2 m **cross rails** to suit the spacing.

Where it is used

Checkout and till areas, store entrances, queue lines, around displays and promotional areas, receptions, galleries and public venues.

It works alongside our swing gates to create complete entrance and exit routes.

Chrome barrier rail run following a curved glazed frontage.
