IMPACT PROTECTION

Pallet Racking Protection – U Profile

A U-profile powder coated steel racking guard giving three-way protection to pallet racking uprights, 400 to 1200 mm high.

Product code **58004569** | Width **160 mm**

3-way	400–1200	5–6 mm	160 mm
protection	mm high	steel	wide

Overview

The U-profile guard wraps around three sides of a pallet racking upright, protecting it from forklifts and machinery approaching from any direction in the aisle.

It is made from heavy steel plate and finished in yellow with black stripes so it stands out on a busy warehouse floor.

Key features

- **U profile** three-way protection
- **Three heights** 400, 800 and 1200 mm
- **5 mm or 6 mm** steel gauge
- **Yellow with black stripes** high visibility
- **Floor fixed** 6 fixings

Where it is used

Warehouses, factories, loading bays, distribution centres, car parks and retail back-of-house areas.

Which height?

Choose 400 mm for pallet trucks, and 800 or 1200 mm where forklift forks and loads could strike higher up.
