Overview

A heavy duty picnic table built for commercial use, seating eight on four attached benches around a 1.2 m square top. It is a popular choice for pubs, schools, wildlife and garden centres, and works just as well in a private garden.

Made to order from 100% recycled plastic, it is weatherproof and non-absorbent, so it will not rot, split or splinter and never needs painting or treating. It is fully recyclable at the end of its life.

Key features

- **100% recycled plastic** fully recyclable
- **Weatherproof** non-absorbent, will not rot or splinter
- **No maintenance** no painting or treating
- **Seats eight** on four attached benches
- **Heavy duty** 146 kg

Where it is used

Schools, parks, gardens, public squares, pub gardens, staff break areas, leisure centres and golf courses.

Why recycled plastic?

Timber needs treating every year or two and can rot, split and splinter. Recycled plastic does not absorb water, so it will not rot or crack, and there is no painting or treating to do. Just wipe or jet wash it clean.

It also helps organisations meet sustainability and recycling targets, and is fully recyclable at the end of its life.
