Overview

These speed bumps are made from heavy duty recycled materials. Their contrasting colours give an early visual warning, and they are a highly effective way to slow traffic.

Kits are made up of centre and end sections, so you can cover any road width. Reflectors in the 10 and 5 mph versions help at night.

Key features

- **Three heights** for 15, 10 or 5 mph
- **Modular kits** 1.9 m to 6 m wide
- **Recycled material** heavy duty
- **Reflectors** on 10 and 5 mph versions
- **Fixing bolts** included

Where it is used

Car parks, private roads, retail parks, industrial estates, schools, hospitals and housing developments.

Warning signs

We recommend warning signs are used with speed ramps so drivers can see them in good time.
