PRODUCT SPECIFICATION

CYCLE RACKS

# Semi-Vertical Cycle Rack

A space-saving galvanised semi-vertical cycle rack with triple-point locking, from 4 to 20+ bikes at 305 mm centres.

Product code **73044361**

Capacity **4 to 20+ bikes**

| 305 mm | 1685 mm | 1145 mm | BREEAM |
|---|---|---|---|
| centres | high | deep | compliant |

## Overview

When floor space is tight, a semi-vertical rack parks more bikes per metre than any other ground-level option. Each bike rests at an angle, front wheel raised, in its own channel.

It is hot-dip galvanised to BS EN ISO 1461:2011 and BREEAM compliant, with three locking points and a locking loop per bike. It extends from 4 to 20+ bikes and suits standard pedal cycles (not e-bikes).

## Key features

- **Triple-point locking** plus a locking loop
- **305 mm centres** high density
- **Modular** 4 to 20+ bikes
- **Hot-dip galvanised** to BS EN ISO 1461
- **BREEAM** compliant

## Where it is used

Stations, offices, business parks, schools, NHS estates, residential developments and cycle stores.

## Not for e-bikes

The rack is designed for standard pedal cycles. Heavier e-bikes should use a ground-level stand.
