Overview

The tubular Sheffield stand is the most widely recommended cycle stand in the UK. Each stand secures two bikes, and riders can lock the frame and a wheel with their own lock.

This version is grade 304 stainless steel with a satin finish, for a smart look at offices, town centres and prestige sites.

Key features

- **Grade 304 stainless** satin finish
- **Classic Sheffield** design
- **No painting** needed
- **Root fixed or surface mounted** options
- **Two bikes** per stand

Where it is used

Schools, offices, shops, retail and business parks, stations, leisure centres, hospitals and housing developments.

Root fixed or surface mounted?

Root fixed stands are concreted into the ground, the strongest option for new paving.

Surface mounted stands bolt down onto an existing concrete base.
