ILLUMINATED BOLLARDS

Stainless Steel Illuminated Bollard – 154 mm

A stainless steel bollard with built-in lighting that marks boundaries and lights walkways in public and commercial spaces.

Product code **56330066** | Height **1000 mm**

1000 mm	Ø154 mm	2600 lm	Stainless
above ground	diameter	luminous flux	corrosion resistant

Overview

An illuminated bollard that combines durable stainless steel with built-in lighting. It sets clear perimeter boundaries while giving ambient light for visibility and safety.

The corrosion-resistant stainless steel gives a long life with little upkeep in city centres, parks, schools and hospitality venues.

Key features

- **Stainless steel** corrosion resistant
- **Integrated lighting** 2600 lm, 6500 K
- **For busy areas** high footfall
- **Concrete in** fixing

Where it is used

City centres, parks, schools, hotels, restaurants and office entrances.

Why illuminated?

Lit bollards guide people safely at night and make boundaries clear to drivers, without the need for separate lighting columns.

Stainless steel illuminated bollards along a walkway.
