TRAFFIC MANAGEMENT

Suspended Guide Post

A 100 mm polyethylene guide post with reflective sleeve, tensioned between floor and ceiling on a steel cable.

Product code **79754008** | Diameter **100 mm**

100 mm	2.5 m	2	Indoor
post	cable	colourways	use

Overview

This guide post marks columns, air intakes, conduits and other hazards in buildings with traffic, such as multi-storey and underground car parks.

It hangs on a tensioned cable between floor and ceiling, so the mounting height can be varied.

Key features

- **Cable mounted** floor to ceiling
- **Variable height** to suit the space
- **Reflective sleeve** red/white or yellow/black
- **Visible day and night** retro-reflective
- **Cable kit** with clamps and turnbuckle

Where it is used

Multi-storey car parks, underground garages, loading areas, entrances and exits.

Why suspended?

Hanging on a cable, the post marks a hazard without any fixing into the floor slab.

Yellow/black version.
