TRAFFIC MANAGEMENT

Traffic Cone – Two Part Road Cone

Two-part traffic cones with recycled bases and D2 retro-reflective sleeves, from 460 to 1000 mm high.

Product code **30215333** | Heights **460–1000 mm**

460–1000	D2	Recycled	BS EN
mm high	reflective	base	13422

Overview

This is the most common type of road cone, with a high-quality top and a heavy, impact-resistant base for roads and private sites.

The tear-resistant cellular sleeve is retro-reflective to class D2, and the 100% recyclable thermoplastic base has an anti-slip feature.

Key features

- **Two-part design** replaceable top and base
- **D2 reflective sleeve** tear resistant
- **Recycled base** anti-slip
- **Four sizes** 460 to 1000 mm
- **Road legal** to BS EN 13422

Where it is used

Car parks, private roads, industrial estates, depots, events and temporary traffic management.

Which size?

Use 460 or 500 mm cones on private sites and slower roads, and 750 or 1000 mm cones on faster roads.
